

91st New England Music Festival March 15-17, 2018

Audio Recording Order Form

As we have always done in the past, a professional audio recording is being produced of the New England Music Festival Concerts and is being made available to the participants.

Unlike previous years, we will not be distributing the recordings in hard copy form (CD) to individual students. We are moving to a different model in recognition of the current and ever-changing environment through which the majority of audio recordings are experienced and shared.

This year, we are asking for one \$20.00 flat fee from each school or organization/person who has students participating that would like to have a copy of the concert recordings. Once the recordings are produced, we will digitally distribute a copy of the recordings to all who have placed an order, and those recipients may then make those recordings available to their students through whatever means they wish.

Please don't hesitate to contact us if you have any questions about the recordings.

You may mail the completed form below with check now to: **NEMFA Recording
